

Discover new products and earn rewards! Start earning rewards by downloading apps and playing games, signing up and saving on streaming services and trial offers, taking surveys, and more!

Here's how it works:

Step 1: Tell us a bit about yourself! We use this information to send the reward after you complete our program requirements, so please be accurate!

Step 2: Take our survey. Your answers help us select deals from our advertising partners that match your interests.

Step 3: Complete deals! Select deals from Silver, Gold, and Platinum pages, some of which may require purchases to qualify for your reward! Want to check your deal progress? Tap the blue icon to see which deals you've completed. It may take a few minutes for your completed deals to display, so please be patient!

Step 4: Get your reward! Once you've completed the required number of deals, you can start the reward claim process! We may ask you to verify some of your deals as well as your identity before sending your reward.

You can earn a Reward worth up to \$100, when you complete 4 deals! Earn up to \$1,000 after you complete 10 deals! Our consumers already claimed over 11 million dollars in rewards!

So how do we make money while helping consumers earn millions of dollars in rewards? Our advertiser partners pay us when you connect with them and complete their deals. We then use some of that money to fulfill your reward!

Now that you get how it works, it's time to earn your reward!
